## Event Report: National Level Technical Paper Presentation

The National Level Technical Paper Presentation was successfully organized on 22nd January 2026. The event commenced at 11:00 AM, with participants reporting by 10:00 AM. It aimed to provide a platform for students to showcase their technical knowledge, research skills, and innovative ideas across various engineering domains.

### Participation Details

The event witnessed enthusiastic participation from students across different institutions. Each team consisted of a **maximum of four members**, encouraging collaboration and teamwork. A nominal entry fee of ₹50 per participant was charged to ensure accessibility for all.

### Submission and Evaluation

Participants were required to submit their **technical papers and presentations (PPTs)** in soft copy via a Google Form on or before **20th January 2026**. Submissions in **IEEE format** were encouraged, though optional. The evaluation was based on criteria such as originality, technical depth, clarity of presentation, and practical relevance.

### Technical Tracks

The competition covered a wide range of domains, including:

- Artificial Intelligence and Machine Learning (AI/ML)
- Android / iOS Development
- Internet of Things (IoT)
- Computer Engineering
- Cyber Security
- Blockchain Technology
- Electrical Engineering
- Mechanical Engineering
- Electronics and Telecommunication (EXTC)

These diverse tracks allowed participants to present innovative ideas and research in their respective areas of interest.

The event was efficiently managed by a dedicated team of student and faculty coordinators.
